

# Annual REPORT 2012

*Including conduct of the 2012 Fort Whyte by-election*

October 7, 2013

The Honourable Daryl Reid  
Speaker of the Legislative Assembly  
Room 244 Legislative Building  
Winnipeg, Manitoba  
R3C 0V8

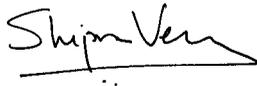

Dear Mr. Speaker:

I have the honour of submitting to you the 2012 annual report on the activities of Elections Manitoba, including the conduct of the Fort Whyte by-election, held September 4, 2012. This report is submitted pursuant to subsection 32(1) of *The Elections Act* and subsection 32(5) of *The Elections Finances Act*. In accordance with subsection 32(5) of *The Elections Act* and subsection 99(2.1) of *The Elections Finances Act*, post-election and annual reporting under these statutes have been combined. Also included in the report are the candidate returns for the 40th general election, held October 4, 2011.

The applicable legislation states that the Speaker shall lay the report before the Legislative Assembly forthwith if the Assembly is in session or, if not, within 15 days after the beginning of the next session.

Pursuant to subsection 32(4) of *The Elections Act* and subsection 99(3) of *The Elections Finances Act*, an annual report that contains recommendations for amendments to these Acts stands referred to the Standing Committee on Legislative Affairs for consideration of those matters. Furthermore, these subsections provide that the Committee shall begin its consideration of the report within 60 days after the report is laid before the Assembly.

Respectfully yours,

Shipra Verma, CA  
Chief Electoral Officer

## INTRODUCTION

---

Elections Manitoba's activities in 2012 focused on evaluation and assessment of election projects and processes, as well as the strategic planning exercise undertaken in preparation for the next general election in 2015.

In conducting its evaluation, Elections Manitoba sought participation from both internal and external stakeholders. Internally, performance assessments were prepared by all departments with input from election staff and returning officers. External stakeholders, including the general public, field workers and political participants, were surveyed, and these findings were incorporated into the departmental assessments.

The strategic planning exercise moved through review of the election evaluation, into review of Elections Manitoba's mission, mandate and core values, through to the statement of strategic focus areas and elaboration of a four-year plan. The resulting strategic plan is the working document from which all project planning and program development flows for the 2015 General Election.

Another major focus of activity in 2012 was the campaign finance review of 2011 general election returns. A total of 221 candidate and party returns were filed and reviewed in 2012. Elections Manitoba provided ongoing compliance assistance to candidates, official agents and auditors throughout the filing process.

Finally, work began on implementation of Bill 33, which encompassed a plain language rewrite of *The Elections Finances Act*—now *The Election Financing Act*—and a study to examine the creation and maintenance of a permanent voters list for Manitoba.

At the close of the year, significant groundwork was laid for project development to begin in 2013.

## ANNUAL ACTIVITIES

### A. CORPORATE

#### i. Post-election evaluation

The 2011 General Election was evaluated from both an internal and an external perspective, involving consultation with several stakeholders. We conducted surveys of the general population, as well as a more highly selected cross-section of voters and non-voters (*The Survey of Voters and Non-Voters* is published on the Elections Manitoba website). We assessed the accuracy, currency and completeness of the voters list, and surveyed the experience of voting officials. We consulted with the registered parties through the advisory committees. We also carried out a needs assessment of candidates, official agents, auditors and registered parties.

Internally, we carried out performance assessments of each department, drawing on debriefing exercises with returning officers and election staff. In addition, we conducted internal audits of the voters list, voting books, the nomination process, the inquiry management process, and election spending.

#### ii. Strategic Planning

All permanent staff participated in our strategic planning process. Using our post-election evaluation as a starting point, we reviewed our vision, mission, and core values, and identified our strategic focus areas for 2015. We also developed a four-year plan, incorporating both annual and election-related activities, and began to develop project plans and performance measures. The strategic focus areas, which guide all our activities, are as follows:

- Amendments – Implementing legislative requirements
- Accessibility – Maintaining strong accessibility of the electoral process to all eligible voters
- Staff Development – Continuing to develop staff to provide optimal service
- Awareness – Providing election information to all voters
- Assistance – Providing assistance to political participants and other stakeholders
- Service – Enhancing service through effective use of technology and internal capabilities

Elections Manitoba's strategic plan for 2012-2015 can be viewed on our website.

### B. ACTIVITIES RELATED TO *THE ELECTIONS ACT*

#### i. Returning Officer Advisory Group

In November, Elections Manitoba convened a group of returning officers and assistant returning officers from the 2011 general election to provide input in the operational planning for the 2015 general election. The Advisory Group will meet with the operations team two to three times a year, drawing on their field experience to help shape our projects with the end user in mind. Some of the projects to be reviewed with the Advisory Group include returning officer and assistant returning officer recruitment, training of field workers, mapping, building the voters list, returning office structure, and IT systems used for tracking these processes.

## ii. Delivering Public Information and Education Programming

In support of its ongoing public information and education mandate, Elections Manitoba continued to offer the *Your Power to Choose* curriculum-based election education program in 2012. The key component of *Your Power to Choose* is the delivery of in-class facilitated workshops that teach students about citizenship and democracy while developing the habit of participation.

Here is a snapshot of the education program for 2012:

- 88 workshops delivered in total, including public schools, independent schools, First Nations schools, adult learning centres and community groups
- 1,949 students/learners participated
- 32 electoral divisions reached

In addition to delivering workshops in schools throughout the province, our office engaged with Manitoba voters and future voters through participation in a variety of events, including:

- Special Area Groups for Educators (SAGE) conference
- Adult Secondary Education Council (ASEC)
- Teachers' Institute on Parliamentary Democracy
- Red River Heritage Fair

Also in 2012, Elections Manitoba collaborated with the Dakota Ojibway Tribal Council (DOTC) on a community-based election engagement project. DOTC provides programs and services to support its six member First Nations, primarily in the areas of education, employment and economic development. Elections Manitoba presented a day of election education workshops at the high school on Sandy Bay First Nation, based on our education program, *Your Power to Choose*.

Building on a shared goal of engaging and informing citizens on the value of electoral participation, plans are now underway to expand the program to reach other DOTC members at the community and school level.

## iii. Working with Advisory Committees

Elections Manitoba consults with representatives from all political parties on an annual basis with respect to *The Elections Act* (EA) and *The Elections Finances Act* (EFA). These advisory committees are legislated under each act. For a report on *The Elections Finances Act* Advisory Committee, see page 14.

### **The Elections Act Advisory Committee**

This advisory committee met on February 22 and September 19. At the February meeting, the discussion focused on reviewing the conduct of the 40<sup>th</sup> General Election. Specific items included:

- As new boundaries came into effect for the last election, political parties were given the opportunity to review and provide feedback on the new electoral division maps, voting places and voting keys. The process for this review was discussed.
- The development of candidate information packages was a new initiative for 2011 and committee members expressed satisfaction with the content of the packages.
- Challenges associated with the 75-day calendar and the timing of enumeration during the summer were discussed.
- Strategies and new initiatives for preparation of the voters list were reviewed, including handling moves, outreach to specific groups such as university students, people with disabilities, cottage owners, persons in shelters, and high school students.
- There was a shorter nomination period in 2011 than in previous elections and returning officers were trained to give priority to nomination papers in this condensed time frame. Committee members noted that the shorter nomination period provided challenges, but indicated that returning office staff provided satisfactory support.
- Election day and advance voting activity were discussed with specific focus on improving service in advance voting, concerns and questions regarding ID requirements for voting, and the effect of the new boundaries.
- There was also consensus on identifying ways to improve service to seniors through enhanced accessibility. A new recommendation to facilitate this, "Institutional Voting Stations," is introduced on page 32.

Topics discussed at the September meeting included:

- Recommendations being considered for the 2011 annual report and recommendations carried forward from previous annual reports. These are detailed beginning on page 31.
- A by-election was held in Fort Whyte on September 4, 2012, and conduct of this by-election was discussed.
- Bill 33 required the Chief Electoral Officer to conduct a study, in consultation with the Advisory Committee, on whether a permanent voters list should be adopted for Manitoba. An outline for the study was circulated at the meeting and feedback was sought.
- Policies and procedures currently followed by parties to ensure the security of the voters list were discussed.
- Legislation requires prospective candidates to collect names, signatures and addresses of 100 voters in the electoral division in which they are running. The number of signatures required and the documentation required to verify the information collected was discussed. A new recommendation arising from this discussion, "Nomination Papers," is introduced on page 31.

### **Committee members for 2012:**

<b>Registered Party</b>	<b>Representative</b>
Communist Party of Canada-Manitoba	Darrell Rankin
Green Party of Manitoba	James Beddome
Manitoba Liberal Party	Dennis Trochim
New Democratic Party of Manitoba	Nanci Morrison
The Progressive Conservative Party of Manitoba	Kathryn Lee

#### **iv. Address Database**

In 2012, considerable attention was devoted to improving the address database required under *The Elections Act*. A number of shortcomings to the database had been identified in conducting the enumeration for the 2011 General Election, most notably with apartment unit numbers, inconsistency in addressing standards, and challenges with geocoding rural addresses. As a result, some addresses were not assigned to a voting area and, in some cases, to an electoral division.

To respond to these issues, address data for each electoral division was reviewed, missing addresses were added and duplicates eliminated, and voting areas were assigned where required. In an effort to improve the quality of the data on an ongoing basis, Elections Manitoba began a consultation process with other agencies that maintain listings of addresses in the province. As we move forward to the next election, we will put systems and processes in place to ensure an improved level of accuracy, currency and consistency in the address database.

### **C. ACTIVITIES RELATED TO THE ELECTIONS FINANCES ACT**

#### **Processing annual financial returns**

To demonstrate compliance and maintain transparency with the public, registered parties and constituency associations are required to disclose their annual financial activities. Candidates must also report the status of campaign deficits and loan balances annually.

#### **I. Registered Parties**

Annual statements for 2011 were required to be filed by April 2, 2012 or by an approved extension date and were filed as follows:

<b>Registered Party</b>	<b>Extension Date</b>	<b>Filed Date</b>
Communist Party of Canada - Manitoba	April 17/12	April 17/12
Green Party of Manitoba	May 2/12	April 30/12
Manitoba Liberal Party	April 24/12	April 24/12
New Democratic Party of Manitoba	April 30/12	April 30/12
The Progressive Conservative Party of Manitoba	April 10/12	April 3/12

**Registered Party Annual Financial Statements  
Filed in 2012 for the calendar year ending December 2011**

	<b>CPC-M</b>	<b>GPM</b>	<b>Lib.</b>	<b>NDP</b>	<b>PC</b>
<b>Income and Expenses</b>					
Contributions <sup>1</sup>	\$ 1,925	\$ 9,309	\$ 118,167	\$ 943,315	\$ 1,721,803
Transfers	-	2,307	9,393	389,229	285,704
Other Income	1,212	7,578	78,954	84,174	201,939

<sup>1</sup> Excludes contributions made during the general election period.

**II. Annual allowance paid to registered parties for 2011**

Under *The Elections Finances Act*, registered parties are entitled to receive public funding upon request, referred to in the legislation as an annual allowance.<sup>1</sup> The allowance paid in 2012 for 2011 was as follows:

<b>Registered Party</b>	<b>Amount certified</b>
Communist Party of Canada - Manitoba	\$600
Green Party of Manitoba	\$8,580
Manitoba Liberal Party	\$58,964
New Democratic Party of Manitoba	declined
The Progressive Conservative Party of Manitoba	declined

<sup>1</sup> The new *Election Financing Act* changes the way annual allowance is calculated and administered. These changes will be reflected in the 2013 annual report.

**III. Contributions\* Received by Registered Parties for 2011**

	<b>CPC-M</b>	<b>GPM</b>	<b>Lib.</b>	<b>NDP</b>	<b>PC</b>	<b>Totals</b>
\$250 or more - Total value	\$2,800	\$8,295	\$106,532	\$1,352,941	\$1,537,816	\$ 3,008,384
\$25 to \$250 - Total value	1,881	5,628	62,067	384,915	627,644	1,082,135
Less than \$25 - Total value	104	180	1,241	25,448	61,587	88,560
Total of all Contributions	\$ 4,785	\$14,103	\$169,840	\$ 1,763,304	\$ 2,227,047	\$4,179,079

\* Includes all contributions received during the year, including the election period.

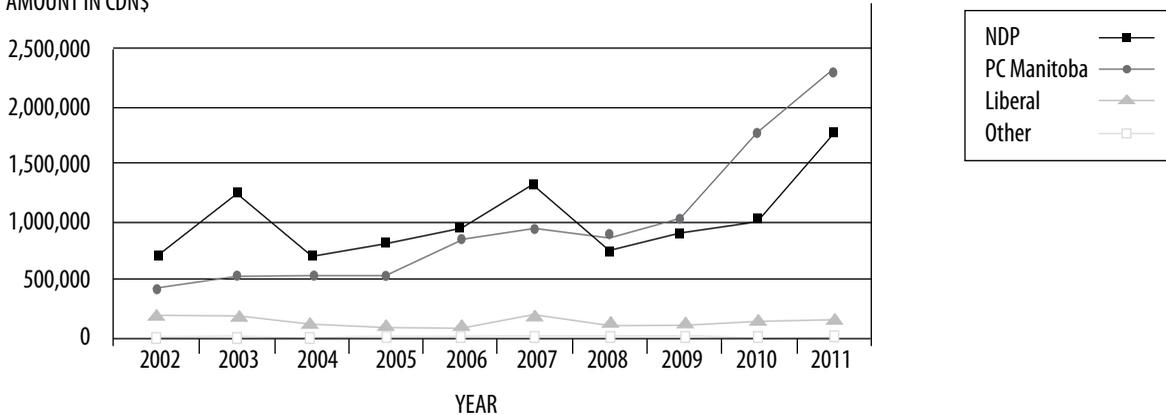

## Historical Summary of Contributions Received by Registered Parties\*

Reporting Year	Lib.	NDP	PC	Other	Totals
2002	186,806	752,644	426,069	8,485	1,374,004
2003	174,730	1,309,763	536,538	24,231	2,045,262
2004	127,028	715,532	547,563	9,849	1,399,972
2005	135,808	790,183	557,512	8,884	1,492,387
2006	138,985	862,684	864,393	12,750	1,878,812
2007	221,508	1,306,764	949,403	17,280	2,494,954
2008	136,546	722,502	834,710	9,413	1,703,171

2011	169,840	1,763,304	2,227,047	18,888	4,179,079
Totals	\$1,601,394	\$10,163,994	\$9,685,740	\$135,624	\$21,586,753

\*Includes all contributions received during the year, including the election period.

### Contribution Analysis

AMOUNT IN CDN\$

### IV. Constituency Associations

The financial officer for a constituency association must provide information to the Chief Electoral Officer regarding contributions or balances remaining on any loans. These constituency association returns state the name and address of all contributors, as well as the total value of their contributions to the association during that year.

An annual contribution to the constituency association totaling \$250 or more is public information.

## Contributions to Constituency Associations of \$250 or more

	Lib.	NDP	PC
Total Number of Constituency Associations	57	57	57
<b>Number Reporting</b>			
Total number of Contributions of \$250 or more	0	3	0
Total value of Contributions of \$250 or more	0	\$2,513	0

## Yearly Comparison of Constituency Associations Reporting Contributions of \$250 or more

Year	# of Constituency Associations	Reporting Contributions of \$250 or More	Total Contributions of \$250 or More
2003	171	2	940
2004	171	4	2,055
2005	171	3	2,595

2010	173	4	1,631
2011	171	4	1,240
2012	171	3	\$2,513
*under new boundaries			

## V. Manitoba Tax Credits Claimed for Political Contributions

The EFA sets rules for contributions to political entities. Under the EFA, only individuals who live in Manitoba may make contributions, and the total amount of all contributions made by any individual must not exceed \$3,000 per year. An additional contribution of up to \$3,000 may also be made to a leadership contestant.

Only registered candidates and parties may issue tax receipts. Constituency associations and leadership contestants may not issue tax receipts.

## Manitoba Tax Credits Claimed for Political Contributions (2003-2012)\*

Tax Year	Individual	Corporate	Total
2003	\$1,195,568	\$2,342*	\$1,197,910
2004	728,462	2,018*	730,480
2005	792,686	-	792,686
2006	944,841	-	944,841
2007	1,551,826	-	1,551,826
2008	969,134	-	969,134
2009	1,092,884	-	1,092,884
2010	1,493,803	-	1,493,803
2011	2,287,870	-	2,287,870
2012	2,347,693	-	2,347,693
<b>Total Tax Credits Claimed since 2003</b>	<b>\$13,404,767</b>	<b>\$4,360</b>	<b>\$13,409,127</b>

\* As of January 1, 2001, contributions from corporations are not permitted under *The Elections Finances Act*. Credits claimed by corporations are for contributions prior to 2001.

### VI. Candidates' outstanding liabilities and loan balances

#### From the 2007 General Election:

- At the end of 2012, one candidate reported an outstanding liability and/or loan balance.

#### From the 2011 General Election:

- At the end of 2012, 115 were required to report an outstanding liability and/or loan balance. Of these, 113 candidates filed reports with the CEO. In the case of the two who failed to file, the matter was referred to the Commissioner of Elections.

Complete details can be found in the relevant returns which are available for viewing at Elections Manitoba or via Elections Manitoba's website.

### VII. *The Elections Finances Act* Advisory Committee

Elections Manitoba consults with representatives from all registered parties on an annual basis with respect to *The Elections Act* and *The Elections Finances Act*.

The EFA Advisory Committee met on October 24, 2012 to review campaign finance and compliance assistance for the 2011 General Election. Specific items discussed included the recordkeeping tool for official agents, highlights of the needs assessment survey conducted by Elections Manitoba, and the compliance review process. Also on the agenda were the key changes introduced in Bill 33, including a plain language rewrite of *The Elections Finances Act* and the introduction of third party provisions. A draft of third party communication guidelines was circulated for committee members' review and comments.

## Committee members for 2012:

Registered Party	Representative
Communist Party of Canada-Manitoba	Darrell Rankin
Green Party of Manitoba	John Wilmot
Manitoba Liberal Party	Dennis Trochim
New Democratic Party of Manitoba	Kevin Dearing
The Progressive Conservative Party of Manitoba	Kathryn Lee

## D. DEVELOPING STAFF AND SHARING BEST PRACTICES

There were several opportunities in 2012 for Elections Manitoba to participate in meetings and forums allowing for the exchange of information and ideas related to democracy and the electoral process.

- Elections Manitoba representatives attended the annual Conference of Canadian Election Officials held in July, in Halifax. Agenda items included citizen engagement, the state of e-voting, and a strategy for youth engagement.
- Staff from Elections Manitoba attended the Council on Governmental Ethics Laws (COGEL) in Columbus, Ohio in December. Sessions included international perspectives on democratic processes, the state of internet voting in Canada and the United States, e-learning tools for training, dealing with complaints and investigations, and strategies for working with traditional and new media.
- In November, Elections Manitoba was invited to Washington to attend the U.S. Election Program hosted by the International Foundation for Electoral Systems (IFES). Participants attended plenary sessions on the U.S. electoral system, technology in out-of-country voting, accessibility for voters with disabilities, and political participation among women. On election day, participants toured polling sites and observed the voting process.
- Other inter-jurisdictional events attended by Elections Manitoba staff included meetings of the National Register of Electors, the recruitment working group and the e-voting working group, and the Elections Alberta visitors program held in Edmonton during their 2012 provincial election.

## E. PUBLIC INTEREST DISCLOSURE

*The Public Interest Disclosure Act*, known as Whistleblower Protection, came into effect in April 2007. There have been no disclosures within Elections Manitoba, although the organization remains fully aware of the Act and is ready to ensure its regulations are met should an employee come forward with a concern.

The Act gives employees a clear process for disclosing concerns about significant and serious

matters (wrong doing) in the Manitoba public service, and strengthens protection from reprisal. The Act builds on protections already in place under other statutes, as well as collective bargaining rights, policies, practices and processes in the Manitoba public service.

Wrongdoing under the Act may be: contravention of federal or provincial legislation; an act or omission that endangers public safety, public health or the environment; gross mismanagement; or, knowingly directing or counseling a person to commit a wrongdoing. The Act is not intended to deal with routine operational or administrative matters.

The following is a summary of disclosures received by Elections Manitoba for fiscal year 2012 – 2013:

<b>Information Required Annually (per Section 18 of The Act)</b>	<b>Fiscal Year 2012– 2013</b>
The number of disclosures received, and the number acted on and not acted on. <i>Subsection 18(2)(a)</i>	NIL
The number of investigations commenced as a result of a disclosure. <i>Subsection 18(2)(b)</i>	NIL
In the case of an investigation that results in a finding of wrongdoing, a description of the wrongdoing and any recommendations or corrective actions taken in relation to the wrongdoing, or the reasons why no corrective action was taken. <i>Subsection 18(2)(c)</i>	NIL

## F. GOVERNMENT ADVERTISING

Sections 56(1) and 56(1.1) of *The Elections Finances Act* regulates the kind of information a government department or Crown agency can publish or advertise leading up to and during elections and by-elections.

Any person who believes that a department or Crown agency has violated Section 56(1) or 56(1.1) may file a complaint with the Commissioner of Elections.

Section 56(3) of *The Elections Finances Act* requires that, if the Commissioner of Elections finds that a complaint is justified, the Commissioner must advise the Chief Electoral Officer of the particulars of the violation. The particulars are then to be published in the Annual Report.

At the time of writing the 2012 annual report, no matters were provided by Commissioner Bill Bowles.

## ELECTION ACTIVITIES

---

### **A. RETURNS PROCESSING FOR THE 40<sup>TH</sup> GENERAL ELECTION**

Candidates and registered parties must disclose their financial activity during an election to the Chief Electoral Officer by filing an election return. Returns filed by the candidates must include the following:

- statement of income, transfers, and expenses
- balance sheet outlining assets and liabilities
- all contributions from one source that total \$250 or more

Registered parties file similar returns, excluding the balance sheet outlining assets and liabilities.

The filing deadline for candidates and registered parties for the 40<sup>th</sup> General Election was February 6, 2012, four months after election day. Extensions may be granted if requested before the deadline.

Upon review by Elections Manitoba, an amendment to a return may be required and an adjustment would be made to the original return. In such cases, both the original and amended returns are published on the Elections Manitoba website. They may also be viewed in person at Elections Manitoba's office.

In total for the 2011 General Election, 216 candidate returns and five party returns were filed. Of the candidate returns, 148 were received by the deadline and another 67 extensions were granted. One late filing fee was assessed. There were 124 reimbursements issued to candidates and two to parties, for a total of \$2,679,259.23.

## Summary of Registered Party Income, Expenses, Reimbursements and Spending Limits for the 2011 General Election

	CPC-M	GPM	Lib.	NDP	PC
<b>Income</b>					
Contribution <sup>1</sup>	\$2,831	\$4,794	\$51,673	\$820,288	\$514,927
Transfers	-	-	-	3,276	154,449
Other	29	12	8,143	22,220	24,995
Total	2,860	4,806	59,816	845,784	694,371
<b>Expenses</b>					
Election Expenses	1,820	12,400	179,014	1,312,940	1,422,678
Transfers	1,844	7,872	144,107	356,697	623,221
<b>Surplus/(Deficit)</b>	(803)	(15,466)	(263,306)	(823,852)	(1,351,527)
<b>Reimbursements</b>					
Direct Reimbursements <sup>2</sup>	-	-	-	656,470	709,336
<b>Spending Limits</b>					
Advertising	741,646	741,646	741,646	741,646	741,646
Overall	\$1,444,283	\$1,444,283	\$1,444,283	\$1,444,283	\$1,444,283

1 Contributions include money received and the value of non-monetary contributions.

2 Only two registered parties qualified for reimbursement. The amount reimbursed was 50% of actual election expenses (total election expenses less non-monetary election expenses).

Summaries of candidates' income, expenses, reimbursements and spending limits for the 2011 General Election can be found in the Appendix.

### **Reimbursements**

*The Elections Finances Act* allows qualifying candidates and registered parties to be reimbursed for 50 per cent of eligible election expenses. Under the amendments introduced in 2006, the Act also allows for reimbursement of 100 per cent of reasonable child care and disability expenses. *The Elections Finances Act* defines reasonable expenses as those that are over and above the expenses normally incurred by the candidate.

The candidate must receive a minimum 10 per cent of valid votes in the electoral division to receive a 50 per cent reimbursement of the actual election expenses, not including non-monetary contributions. In certain circumstances, depending on the surplus status of a candidate's campaign, some or all of the candidate's reimbursement is paid to the endorsing registered party.

Registered parties qualify for reimbursement if their endorsed candidates, in total, receive a minimum of 10 per cent of the valid votes cast in the election.

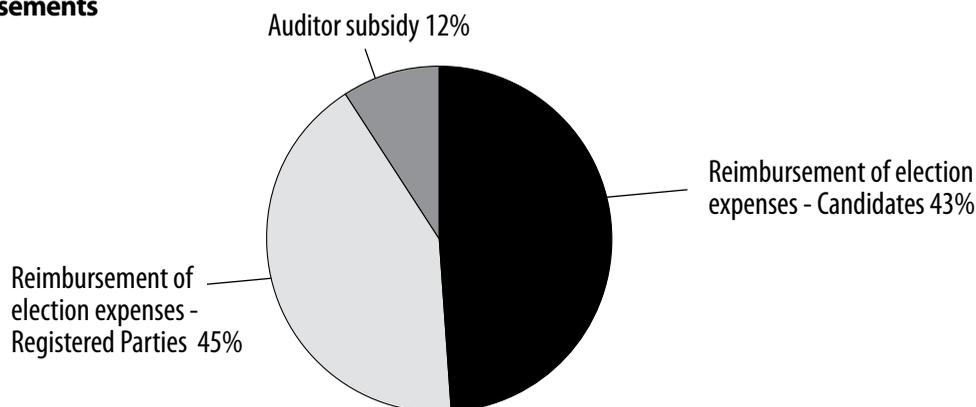

An auditor is paid a subsidy of up to \$1,500 for a candidate's election return and a maximum of \$30,000 for registered party statements.

*The Elections Finances Act* allows for one half of an election expense reimbursement, otherwise payable to a candidate's campaign or to a registered party, to be paid as an advance within 15 days of filing a completed financial return. Advances were paid within 15 days as required for those returns that met the requirements of *The Elections Finances Act*.

### Summary of Reimbursements – 40<sup>th</sup> General Election

	<b>Total</b>
Reimbursement of election expenses - Candidates	\$1,313,453
Reimbursement of election expenses - Registered Parties	1,365,806
Total Reimbursements	2,679,259
Auditor Subsidy (Candidates & Parties)	357,809
<b>Total</b>	<b>\$3,037,068</b>

### Reimbursements

Note: General election expenses were reported in the 2011 annual report.

## B. FORT WHYTE BY-ELECTION

A by-election was conducted in the provincial electoral division of Fort Whyte as a result of a vacancy in the Legislative Assembly. The Member for Fort Whyte, the Honourable Hugh McFadyen, resigned his seat on July 31, 2012.

Pursuant to Order in Council number 331/2012, the Deputy Chief Electoral Officer issued the writ of election to the Fort Whyte returning officer on August 3, 2012. Nominations closed on August 20, 2012 and the by-election took place on September 4, 2012.

Voter turnout for the Fort Whyte by-election was 41.64%. This compares to a turnout of 61.91% for Fort Whyte in the 2011 general election. The results of this by-election did not change the standings of the parties in the Legislative Assembly.

The following chart provides a summary of the results. The member elected in Fort Whyte was PC Manitoba candidate Brian Pallister.

Candidates	Affiliation	Votes Received	Percent of Votes Cast
Pallister, Brian	PC	3,626	55.1%
Axworthy, Bob	Lib.	2,069	31.5%
Schmidt, Brandy	NDP	739	11.2%
Benham, Donnie H. J.	GPM	113	1.7%
Ackman, Darrell	Ind.	19	0.3%
Rejected		8	
Declined		2	
<b>Total Votes Cast</b>			
		6,576	
<b>Registered Voters</b>			
		15,792	
<b>Turnout</b>			
		41.64%	
<b>Plurality</b>			
		1,557	

#### i. Operational Conduct

The boundaries of the electoral division were the same as in the 2011 provincial general election. Pursuant to section 73 (1) of *The Elections Act*, the Deputy CEO was directed to use the final list for Fort Whyte from the 2011 provincial general election as the preliminary list for the by-election. This was initiated through Order in Council number 332/2012.

When an election is called less than one year after the call of the last election, use of the final voters list from the previous election may be ordered. This was the first time since the office of the CEO was established that an existing list was used. As a result, there was no enumeration period and revision took place from August 6 through 19. To inform those Fort Whyte voters already on the list about the upcoming by-election, voter enumeration cards were delivered prior to revision to the 14,532 voters on the preliminary list.

During revision, 983 names were added. An additional 45 were sworn on during advance and 232 on election day. An eligible voter must take the required oath and produce the required identification to swear on to the voters list. There were a total of 15,792 names on the final voters list for the Fort Whyte by-election.

During the by-election, advance voting was held from Saturday, August 25 to Saturday, September 1 at two locations, including the returning office. Those using advance voting in Fort Whyte increased to 1,579 ballots cast from 1,218 cast during the 2011 general election. This was an increase of 28% from the 2011 election. Of the total ballots cast, 24% were cast during the week of advance voting.

**Voter turnout in by-elections over the past decade:**

<b>By-Election</b>	<b>Voter Turnout</b>
Fort Whyte 2012	41.64%
Concordia 2010	31.23%
The Pas 2009	29.65%
Elmwood 2009	36.44%
Fort Whyte 2005	38.07%
Turtle Mountain 2004	47.09%
Minto 2004	47.18%
Lac du Bonnet 2002	59.30%
<b>AVERAGE</b>	<b>41.33%</b>

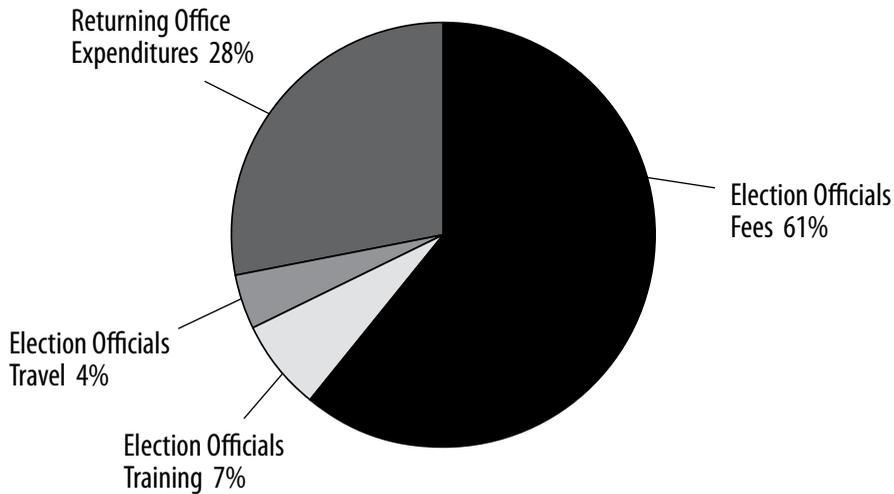

**ii. Financial Administration**

**Summary of Returning Office Operations Expenditures for Fort Whyte Electoral Division**

<b>Election Officials Expenditures</b>		<b>Total</b>
<b>Fees:</b>		
	Advance voting officials	\$6,324
	Election day voting officials	26,401
	Enumeration officials	1,724
	Revision officials	6,905

## C. LEADERSHIP CONTEST

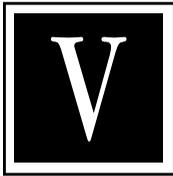

***The Elections Finances Act* requires public disclosure of leadership contestants' finances, to enhance the fairness and transparency of the process registered parties use to choose their leaders.**

The Progressive Conservative Party of Manitoba announced a leadership contest on November 26, 2011, following the resignation of the Honourable Hugh McFadyen as leader of the party and MLA for Fort Whyte. Brian Pallister was acclaimed leader on July 28, 2012. The filing deadline for this contest was October 29, 2012. An extension was requested and granted. Accordingly, Mr. Pallister's return was filed on December 14, 2012.

### Financial Statement for 2012 PC Manitoba Leadership Contest:

<b>Brian Pallister</b>	
<b>Income and Expenses</b>	
Contributions <sup>1</sup>	\$148,045
Other Income	2,377

Net Worth (Deficit)	\$(1,945)

<sup>1</sup> Contributions include money received and the value of non-monetary contributions

## IMPLEMENTING LEGISLATIVE CHANGES

Bill 33, *The Election Financing Act and Elections Amendment Act*, received royal assent on June 14, 2012. The bill introduced significant changes to *The Election Financing Act* (formerly *The Elections Finances Act*). There were three components to the new legislation:

1. The EFA was re-written in plain language to make it more accessible to the reader. Highlights of the re-write include:
  - Simpler language and sentence structure
  - The Act is divided into parts, each corresponding to a particular topic, with an overview of each topic
  - Definitions are now at the end instead of the beginning
  - Boxed information directs readers to related sections of the Act
  - Fewer cross-references make the Act easier to understand
2. The annual allowance provision of the EFA was replaced with a new provision calling for the appointment of a commissioner to determine the annual allowance paid to registered parties. This section of the EFA came into force on June 14, 2012, the day the Bill received royal assent. The regulations developed by the commissioner come into force retroactively on January 1, 2012 and will be in effect until January 1 of the year following the next general election.
3. Provisions governing third parties during an election period were also introduced in Bill 33. Under the legislation, a third party must not spend more than \$5,000 on election communications and must identify itself in those communications. Once a third party spends \$500 on election communication, it must register with Elections Manitoba and appoint a financial agent. Registration may take place only after an election has been called. A third party that has incurred election communication expenses of \$500 or more must file an election communication report with the CEO. Elections Manitoba developed a series of election communication guidelines to assist third parties in complying with the new legislation.

To implement these changes, Elections Manitoba began updating existing EFA forms and guides, preparing new forms and guides for third party legislation, updating the corporate website, and providing information to stakeholders. Compliance assistance will be provided on an ongoing basis.

Also contained within the legislation were two amendments to *The Elections Act*. The first required the Chief Electoral Officer to examine whether a permanent voters list should be established for Manitoba. Work on this report was begun in 2012, including consultation with the Advisory Committee and research of best practices from other jurisdictions. Bill 33 calls for the report to be presented to the Speaker by June 13, 2013. The second amendment to *The Elections Act* calls for the set date election to be postponed to April of the following year if it will overlap with a federal election.

## LOOKING FORWARD

In 2013, Elections Manitoba will complete the implementation of legislative changes arising from Bill 33. All existing forms and guides will be updated and translated, and the revised materials will be made available on the website. Third party forms and guides will be developed and the regulations for annual allowance will be put into effect. The Permanent Voters List study will also be completed and submitted to the Speaker to be tabled in the House.

Another key area of activity in 2013 will be the beginning of a recruitment campaign to fill vacant Returning Officer and Assistant Returning Officer positions for the 2015 General Election.

Development of the new website will also be completed in 2013, incorporating both election-specific content and general information into one site. The new website uses a responsive design, allowing it to work effectively on both desktop and mobile devices. A responsive website caters to any possible screen resolution, providing a high quality browsing experience, regardless of what device is being used.

Elections Manitoba will also undertake the development of an overarching Enterprise Information Security Policy. The policy will address protection of physical and electronic information, controls to protect against unauthorized disclosure of information and business continuity.

## RECOMMENDATIONS

*Legislation allows the Chief Electoral Officer to recommend amendments to Manitoba's electoral law in order to improve and/or update the electoral process and better serve the electorate. The CEO's recommendations are published in Elections Manitoba's annual reports.*

*The CEO consults with the Advisory Committees when drafting recommendations; however, what is ultimately recommended is at the sole discretion of the CEO.*

### **The Elections Act**

The following recommendation is new for 2012:

#### **1. Nomination papers.** s. 55 – Part 6

**Recommendation:** That section 55 be amended as follows:

- i. Reduce the number of voters' names, addresses and signatures required on a candidate's nomination paper from 100.
- ii. Include the name of the person or persons collecting the voters' names on the nomination paper.

**Background:** Section 55 of *The Elections Act* requires candidates to obtain the name, address and signature of at least 100 eligible voters in their electoral division for their nomination paper. While this requirement provides a validation that the individual has support to stand as a candidate, it has been seen by some political participants as a barrier to participation.

In addition, some candidates have questioned the length of time it takes for the returning officer to verify a nomination paper, which can be up to several hours. Often a candidate or their representative will have to return later in the day to receive the official receipt for the nomination paper. This may be inconvenient, especially for candidates in rural areas who may have to drive a considerable distance to reach the returning office.

The number of names required in many other jurisdictions is considerably less. Manitoba, Québec, and Canada are the only jurisdictions to require 100 names. It should also be noted that the size of the electoral divisions in Québec and Canada are considerably larger than those in Manitoba. The required number of names varies in other jurisdictions, from four in Saskatchewan to 75 in British Columbia.

With the exception of Ontario and Québec, other jurisdictions also require a deposit of funds upon filing a nomination paper. Canada requires the sum of \$1,000, with all other jurisdictions requiring between \$100 and \$500. The requirement of a deposit could be viewed as an obstacle for some candidates and is not recommended. However, considering the Québec and Ontario models where no deposit is required, and the electoral divisions are 2 ½ to 3 times larger than in Manitoba, the number of names of those nominating a candidate in Manitoba could be reduced in order to be more consistent with other jurisdictions.

To further facilitate the nomination process, it is recommended that, for each name collected on the nomination paper, the person collecting that name be identified. To expedite the collection of names, nomination papers are sometimes circulated by the candidate to his or her campaign workers. While this can be efficient for a candidate, it can result in multiple individuals collecting required information.

Once the candidate has submitted his or her nomination paper, the returning officers must verify that each person signing a nomination paper is an eligible voter within the electoral division. This process in itself is a time-consuming task but can be compounded by the difficulty returning officers sometimes have in reading the name and address of those who have signed. This, in turn, can delay the process of verifying the names. In these cases, the returning officers may be required to contact the campaign office for verification. If the returning officer knows who collected each name on the nomination paper, this may make it easier for campaign staff to verify the name and address listed.

By both reducing the number of voters required for a nomination paper, and requiring that the name of the individual collecting names be identified, the process will facilitate participation while enhancing efficiency.

The following recommendations are carried forward from previous annual reports:

## **2. Leave of Absence for Returning Officers and Assistant Returning Officers.** s. 17(2)

**Recommendation:** Lengthen the leave of absence period in section 17(2) for the returning officer (RO) and assistant returning officer (ARO) to the day the writ is returned so that it coincides with the completion of all returning officer and assistant returning officer duties under *The Elections Act*.

**Background:** Currently a leave of absence for returning officers and assistant returning officers ends the day a candidate is declared elected, which is seven days after the election. The very important task of returning the writ of election, which officially names the candidate to be sworn in as an MLA, does not occur for seven more days. This additional time allows for a candidate or voter to make application to the courts for a recount if they believe one is necessary. During this week there are also reports the RO and ARO must complete, followed by the closing of the office. Extending the end of the leave will allow them more time to complete these tasks. The extension would mean that the leave for returning officers and assistant returning officers would be extended by an additional week, 14 days after election day for a general election and 10 days after election day for a by-election.

## **3. Institutional Voting Stations** s. 137(1)

**Recommendation:** Expand the use of institutional mobile voting stations to include facilities such as assisted or supportive living facilities or any other residential facility operated for the purpose of the care and treatment of senior citizens to better serve the senior population of Manitoba. This will increase accessibility to voting for this group of Manitobans.

**Background:** Currently, institutional voting stations must be established in health care facilities and correctional facilities. Health care facilities are defined in *The Elections Act* as hospitals, personal care homes and development centres. In today's environment, many seniors are opting to live in intermediate facilities that provide services for their needs, such as independent living facilities, 55+ residences and supportive living facilities. Individuals in these facilities have differing mobility capabilities and many would benefit from having a voting station in their building. Under current legislation, a voting station can only be established in multiple residences of 100 or more units, so residents in many of these facilities are required to travel to voting locations outside of their building. This occurs often in rural Manitoba where assisted living accommodations are attached to personal care homes. The establishment of these voting stations should be identified by the returning officer and approved by the Chief Electoral Officer as is the case with additional advance voting locations in section 125(5).

Several other jurisdictions in Canada allow for voting in seniors residences as described above. They are British Columbia, Alberta, Saskatchewan, Ontario, Québec, Nova Scotia as well as Canada.

#### 4. Providing copies of preliminary voters list s. 75 (1)

**Recommendation:** Expand who may receive the preliminary voters list in a set date election to include candidates as defined in *The Elections Finances Act*.

**Background:** In a set date election, the preliminary voters list is completed eight to 14 days prior to the issue of the writs and acceptance of nomination papers. Current legislation in section 75(1) reads that the preliminary voters list must be given to each candidate in the election. A candidate is defined in *The Elections Act* as a person whose nomination papers have been accepted by the returning officer; however, nomination papers cannot be accepted by the returning officer until after the issue of the writ. A candidate is defined in *The Elections Finances Act* as a person who is nominated by registered party or a constituency association of a registered party as its candidate in an electoral division.

Further, section 95(1) states that a voters list may be used to “assist a registered political party, a candidate nominated under this Act, a candidate as defined in *The Elections Finances Act* or a member of the Assembly to communicate with persons on the list.”

In the last general election, based on section 95(1), we were able to provide the preliminary voters list to candidates under *The Elections Finances Act*. However, because the definition of candidate differs between *The Elections Act* and *The Elections Finances Act*, it will clarify the entitlement to receive the voters list if section 75(1) is amended to read that a candidate as defined under *The Elections Act* or *The Elections Finances Act* is entitled to receive the preliminary voters list.

#### 5. Absentee Voting s. 140 (4) - 6(b), 143(3 & 4), 146(1)

**Recommendation:** Change the timeline when returning officers are able to accept an absentee application and when a completed ballot package can be issued and subsequently returned to the returning officer. A consequence of this change should allow for a write-in ballot with only a registered party name to be an acceptable ballot.

**Background:** Absentee voting is available for those who will be absent during advance voting and on election day. Those who take advantage of absentee voting include vacationers, those on business outside the province, students attending school outside the province and members of the Canadian Forces serving outside the province.

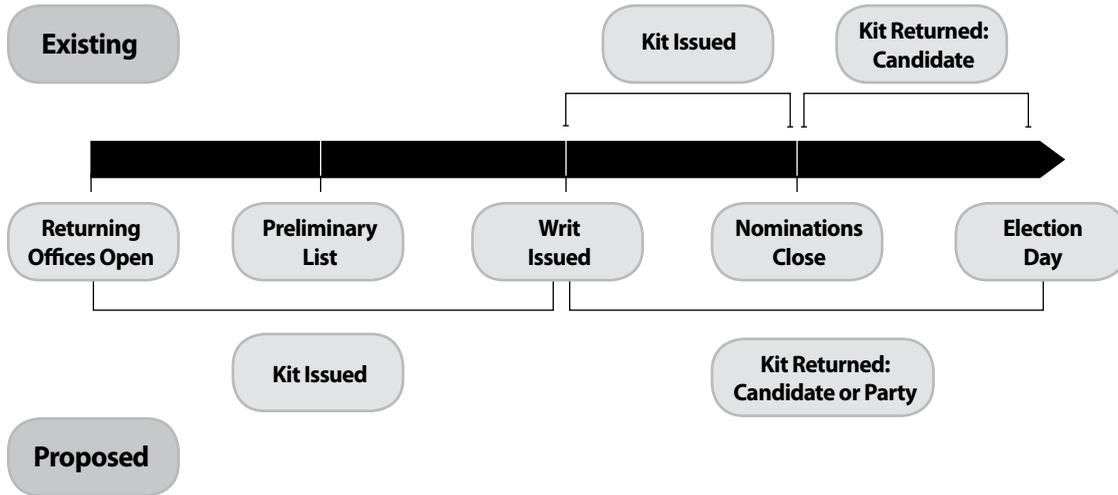

Current legislation for absentee voting directs voters to apply to the Chief Electoral Officer before an election is called and directly to a returning officer after an election is called. Any applications in the possession of the Chief Electoral Officer when writs are issued are sent to the appropriate returning officer. The returning officer ensures all applications are properly completed and the required identification has been supplied. The voter is then issued a voting package which includes directions, a write-in ballot and the necessary envelopes for returning the completed ballot. If nominations are closed, a list of candidates is also included in the package. If nominations are not yet closed, arrangements are made to send the final list of candidates to the voter either via email, fax or phone. It is not until after the voter is made aware of the official candidates that they can return their ballot to the returning officer. As the legislation in section 146 (1) (f) reads “at the close of nominations,” it implies that a ballot can not be cast until the close of nominations. Voters are then required to return the voting package to the returning office no later than 8:00 pm on election day.

During a set date election, returning offices are open up to 75 days in advance of election day so that enumeration may begin. During the last election, due to the earlier awareness of the election, absentee applications were being received by returning officers long before the writs were issued. Often these applications were hand delivered and voters expected to be able to receive a ballot and vote for a candidate when they made their application when, in fact, returning officers had to wait for the writs to be issued before issuing a voting package. It was reported by returning officers that some voters were very frustrated because their travel plans did not necessarily allow them to provide an exact location to which the voting package could be mailed when the writs would be issued.

In order to better serve voters who are utilizing the absentee voting opportunity the following is recommended:

- That applications be accepted by returning officers after enumeration has begun. Offices in each electoral division are opened at that time and are convenient for voters.
- That absentee voting kits can be issued to voters any time after the preliminary voters list is complete. Having the preliminary voters list complete will allow for the striking off of the voters name on the list to allow tracking of those who have voted. By having an earlier date than that of the issue of the writ it will allow for easier movement of the kit to the voter, especially in overseas locations. Part of the directions to absentee voters would be that they must not complete or return their voting kit until after an election is called. This would reduce issues such as delivering ballots to Canadian Forces personnel in places like Afghanistan and having them returned in time, which has been a challenge in past elections. Elections British Columbia has a comparable recommendation made for similar reasons.
- That, due to voting packages being returned before the close of nominations, a write-in ballot from an absentee voter be accepted if only a registered party name is written on the ballot. British Columbia, Alberta, Saskatchewan, Nova Scotia, and Newfoundland accept the name of a registered party as a valid ballot.

The following figure illustrates how the timeline would change under this recommendation:

## 6. Notice of Election s. 51 (2)

**Recommendation:** Remove the requirement to post the notice of election in each rural voting area.

**Background:** Current legislation reads that the notice of election must be posted in the returning office and, if the electoral division contains a rural voting area, in at least one conspicuous place in that area. Section 51 (3) also allows the Chief Electoral Officer to direct or authorize for additional notice to be given to the public.

The legislation appears to date back to the 1930s when it was to be posted in two conspicuous locations in each voting subdivision and also in locations where meetings of municipal council were held. With today's technology and the advertising campaign undertaken to promote election day, the revision period, advance voting and nominations, the benefits of posting the notice in each voting area in the electoral division is less efficient than using technology. It is also increasingly more difficult to get approval from different locations to post the notice in facilities and often there is a cost associated with the posting.

## 7. Set election period s. 49(1) (c) clause (i)

**Recommendation:** In 2008 a set election date was established. It is recommended that section 49(1) (c) clause (i) be amended as well to establish a set election period after the writ is issued rather than a variable period of at least 28 days but not more than 35 days from the issue of the writ.

**Background:** A set election date provides for greater service and efficiency in the conduct of elections as well as a more level playing field for all political participants. Eliminating the possibility of a variable election period would further level the playing field while also providing clarity for all stakeholders. It would allow for more equitable and efficient management of election expenses

within the spending limits. It would also assist campaigns to better manage expenses incurred in the non-election period, thereby preventing allocation issues of expenses between reimbursable election expenses and non-reimbursable non-election period expenses. A set election period would also assist in recruiting election officials and may also assist in the recruitment of volunteer campaign workers. BC and Ontario also have set election dates and have a set election period of 28 and 29 days respectively.

## **8. Revision period** s. 77(1)

**Recommendation:** Shorten the revision period in section 77(1) to end on the third Monday before election day rather than the second Thursday before election day, to provide time to deliver the official list of voters to locations for the first Saturday of advance voting.

**Background:** Section 77(1) stipulates that revision end on the second Thursday before election day; therefore the revised voters list is completed on the next day, which is the second Friday before election day. Section 125(5) allows for advance voting to begin in any location the next day, which is the second Saturday before election day. This makes it very difficult to complete the revised list of voters, print the official list and deliver it to advance voting locations, which are often some distance from the returning office, for that Saturday. In many communities, Saturday is an ideal day to hold advance voting. Under the current Act, however, this it may not be possible to hold advance voting on a Saturday, as an official voters list cannot reach distant or remote locations in time.

Even with a shortened revision period, there would still be 25 days of revision following 33 days of enumeration, which would allow for a substantial length of time to compile a complete voters list.

## **9. Access for campaigning**

s. 195(1) and 195(5)

**Recommendation:** To amend the process and requirements regarding access for campaigning in an apartment, condominium complex, other multiple residence or community, as defined in sections 195(1) and 195(5) of *The Elections Act*. Specifically, it is recommended that *The Elections Act* be amended to state that individuals be required to produce identification, in accordance with Section 2 of the Act, as well as documentation confirming that the individual is a candidate or a representative of a candidate. A further amendment would require that the documentation be a prescribed form, similar to that required for scrutineers, signed by the candidate or official agent, designating them as a candidate's representative. Both the identification and documentation would be presented upon request.

**Background:** The current legislation states that no one can prevent candidates or their representatives from campaigning in the type of multiple residences or communities outlined in section 195, provided that they produce identification or documentation. The Act does not stipulate, however, when the documentation must be presented, i.e. upon request, or what type of documentation or identification is required.

While Elections Manitoba provides guidelines and suggested forms for identification of candidates' representatives visiting multiple residence buildings or communities, there is currently no

requirement for campaign workers to carry similar forms. Just as scrutineers must carry a prescribed form signed by the candidate or official agent in order to gain access to voting places, candidates and their representatives should also be required to carry a prescribed form when campaigning in those locations described in section 195.

In order to administer this provision efficiently, it is recommended that candidates' representatives campaigning at those locations described in section 195 of *The Elections Act* be required to carry a prescribed form signed by the candidate or official agent, as well as identification that conforms to section 2 of the Act, and that both the identification and documentation need only be presented upon request.

## **The Elections Finances Act**

The following recommendations are new for 2012:

### **1. Restrictions on Government Advertising s. 56**

**Recommendation:** That section 56 of *The Elections Finances Act* (EFA) be clarified and strengthened by including a specific restriction for the use of government resources.

**Background:** Section 56 of the EFA places restrictions on government advertising during the last 90 days before and on election day in the case of a fixed date election and during the election period in other elections. The intent of this section is to prevent the use of public resources by the government for campaigning purposes, thereby maintaining fairness in the electoral process while ensuring continuity of the necessary business of the government. While section 92 is consistent with the underlying intent of the EFA to ensure fairness in campaign financing, it does not contain an explicit reference to 'government finances or resources' which can lead to challenges in interpretation. By including a specific reference to the use of government resources in this section, greater clarification would be achieved in the interpretation of the legislation.

### **2. Recoverability of late filing fees s. 70**

**Recommendation:** To amend section 70 to include a time period for recovery of late filing fees, in order to apply the late filing fees more effectively. Accordingly, the section should be amended to state that the late filing fee must be paid within 30 days of receiving the notice from the Chief Electoral Officer.

**Background:** A person who fails to file information, a statement, report or record by the filing deadline is subject to a late filing fee. Once the filing deadline has passed, a late filing fee is assessed at \$25 per day for each day the failure continues, to a maximum of 30 days. The person is notified of the amount payable once the information is received or, if the information has not been received, once the deadline has passed. The payment deadline for late filing fee is currently not specified in the EFA. However, in practice we request the payment be made in 30 days, which is consistent with other filing requirements. In order to clarify the timeline for payment of late filing fees, it is recommended the section be amended to specify a 30-day period.

## **OTHER ACTS RELEVANT TO THE CONDUCT OF ELECTIONS**

### **1. Referendum regulations**

**Recommendation:** That a Referendum Act be developed. The Act should deal with the administrative conduct of referendums and campaign finance provisions.

**Background:** This recommendation was first introduced in 2000 and repeated in 2001 through 2008. At the May 2, 2006 Standing Committee on Legislative Affairs, the Premier of Manitoba proposed bringing in a Referendum Act after the upcoming general election. As reasons grow for the possible use of referendums, so too does the need to have rules clearly articulated by all Members via the Legislative Assembly.

There are three statutes in Manitoba that require a referendum to be held under certain circumstances. They are:

- i. *The Balanced Budget, Fiscal Management and Taxpayer Accountability Act*
- ii. *The Manitoba Hydro Act*
- iii. *The Manitoba Public Insurance Corporation Act*

All three statutes provide for the referendum to be conducted and managed in the same manner as a general election under *The Elections Act*, with necessary modifications.

Many provisions of *The Elections Act* are readily transferable to a referendum. However, there are certain matters of conduct specific to a referendum that would require regulations. Specifically:

- How and when, precisely, is the referendum question established?
- What is the duration of the referendum period, given that no nomination period exists?
- Are there to be referendum committees? How are they to be established, registered and/or regulated?
- Would referendum committees be subject to campaign finance provisions?
- May referendum committees appoint scrutineers to be present at the voting places?
- Would there be unique referendum recount rules?
- Who may apply for a recount?
- May referendums and elections be held simultaneously?
- Does the same tariff for payment of officers apply?
- Are there to be referendum offences?
- Are results binding?

General elections also have campaign finance provisions for such participants as candidates and registered parties. Referendum legislation should contain similar provisions for campaign finances. Section 11(3) of *The Balanced Budget, Fiscal Management and Taxpayer Accountability Act*, section 15.3(4) of *The Manitoba Hydro Act* and section 14.1(4) of *The Manitoba Public Insurance Corporation Act* address this requirement by providing for regulations to be made. Campaign finance matters to be addressed either through regulations or referendum legislation should include spending limits, contributions, public disclosure of finances, provisions for public financial support, registration of participations and official agents.

Groups and individuals participating in a referendum (i.e. referendum committees) should be required to display an authorization on sponsored advertisements. As with elections, voters in referendums have a right to know who is participating and attempting to sway their vote.

Referendum legislation exists in several Canadian electoral jurisdictions. Québec has all pertinent subjects included in its Referendum Act. Alberta, British Columbia and Saskatchewan have a minimal number of subjects included in their respective legislation and deal with most matters by regulation. Canada deals with most subjects in its legislation.

The creation of a Referendum Act would bring clarity to all matters concerning the conduct of a referendum. In the interim, regulations could be developed under the existing legislation.

APPENDIX
